

DCD Accreditation Form 4

This form should be used if you produce a new version of your DCD software, and you believe that it should be covered by the same accreditation as a previously tested version.

ADMINISTRATIVE INFORMATION

Company Name: SYMOLOGY LTD

Address: VANGUARD HOUSE

COTSWOLD PARK.

MILLFIELD LANE.

CADDINGTON.

BEDFORDSHIRE

LU1 4AJ.

Tel: 01582 842626.

Email: .sales@symology.co.uk

Contact: Mike Bartlett (mike.bartlett@symology.co.uk)

This should be the person responsible for the tests.

Product name: HIGHWAY PLUS

Version: 2.2

Date: 05/05/05

This is the date the application for the new version is submitted to the Chris Britton Consultancy (UKPMS Support Consultant).

TECHNICAL INFORMATION

Please specify the differences between your new version, and a previously tested version. You should explain clearly why the new version will produce exactly the same results for the tests as the previous version.

There are no differences between 2.1 and 2.2 for HIGHWAY PLUS.

DCD Accreditation Form 4

This form should be used if you produce a new version of your DCD software, and you believe that it should be covered by the same accreditation as a previously tested version.

Product name: Insight Mobile

Version: 2.2

Date: 05/05/05

This is the date the application for the new version is submitted to the Chris Britton Consultancy (UKPMS Support Consultant).

TECHNICAL INFORMATION

Please specify the differences between your new version, and a previously tested version. You should explain clearly why the new version will produce exactly the same results for the tests as the previous version.

The differences between 2.1 and 2.2 for Insight Mobile do not relate to UKPMS. Version 2.2 introduces new facilities mainly for Street Lighting and Structures users.
